**CAFÉ
RENAISSANCE**

www.thecaferenaissance.com

Warmest greetings to you and your family.

Perhaps you have heard the news as well, we are going into another round of Pandemic dining restrictions. While none of us could have imagined spending the good share of 2020 as we have, most of us have begun to settle into the routine of staying at, and in most cases, working from home. We are hopeful that everyone is adapting to the practices designed to keep ourselves and each other safe. Still, we have our eyes on the future and on the pleasure of being able to welcome you back to Cafe Renaissance when the time is right.

Until our reopening, we hope you continue to enjoy a bit of Cafe Renaissance at home. We are offering our **curbside/ take out** and **catering** services. We plan to offer you most of our menu with few exceptions. In addition to the full menu we are also offering the following family packages;
